Practical American Safety Solutions

PASS strives to build the UST/AST industries' finest, most effective, and effortlessly accessible software. Through our web-based LMS, PASS Training, and cloud-based compliance management platform, PASS Tools, we aim to help simplify and streamline the day-to-day responsibilities of small business owners, service providers, and compliance managers alike.

PASS UST Training & Compliance Management

Practical American Safety Solutions, better (and more easily) known as PASS Training & Compliance, or PASS, was founded in response to the passing of the Energy Policy Act of 2005, when the idea of UST Operator Training was first introduced. We worked closely with many state legislators and regulators to help finalize their laws to meet the federal requirements.
